Didn't realize Susan was out of the office until next week, just got a bounce back email.

Charrish can you work with Lesli on this?

Apologies for yet another urgent request. In addition to the two transmission lines, we are also being asked to provide BPs on Havasu NWR and the following:

- American Burying Beetle
- New Mexico Meadow Jumping Mouse
- Texas Hornshell

These are requested as soon as possible. Please see Joy's earlier note on the BP request for the BPs on the transmission lines. I sent the Havasu NWR BP request to Refuges.

Attached is a copy of the BP template to use.
Thank you,
Chris
